Decisions! Decisions!  
More each day,  
and each one more important  
than the last.  
'Throughout your school days there  
has always been someone  
to tell you what to do and when to do it.

Those days are rapidly drawing  
to a close. Soon  
you will leave the security of high  
school to face life.

Some of you will go on to college while others will plunge directly into the business of earning a living. Whatever course is followed, one thing is certain: *You will be on your own.*

You will have to weigh the facts and make the final decisions. The choices will be left strictly up to you.

It is for this reason that KMHS, or any high school,  
exists.  
To arm you with the courage and wisdom  
to do what is right for you.

Your four years in high school can be  
as great an experience  
as you let them be.

Underclassmen, you still have time left  
with new doors yet to open.  
For you seniors, this is a time of mixed emotions  
as you reflect upon last year.

Elections were held.  
Football games were played.  
A winning season at last.  
Taking tests  
and eating lunch. Both  
were distasteful.

Attending classes was a necessary evil. The  
holidays were too short and too few.  
The baseball field was finally completed. Band  
concerts were given.

But consciously or unconsciously  
your attitudes  
are being shaped and developed. These  
attitudes will determine what you do with  
yourself  
What you will make out of living

The time has come to cut  
the apron strings  
Live your own life  
Do your own thing

To help you prepare—that is all  
that can be expected of high school  
To do your best—that is all  
anyone can expect of you

Mid-terms were taken and forgotten. Youthful  
bodies were contorted at dances. Seniors  
were accepted at colleges. Seems hard to believe  
the years have gone by so quickly

Reviewed separately these events seem unrelated  
However, they are all part of the  
overall educational process. Sometimes learning  
is subtle. Sometimes it hits you in the face  
in the form of tests or  
papers due next period

After several months of diligent rehearsals, both Superior and the other Bands are away with superior ratings at the 1969 UIL Finals. As soon as the finals were over, work began for the spring concert, a popular announcement.

## Kings Mountain High School

Wanda,

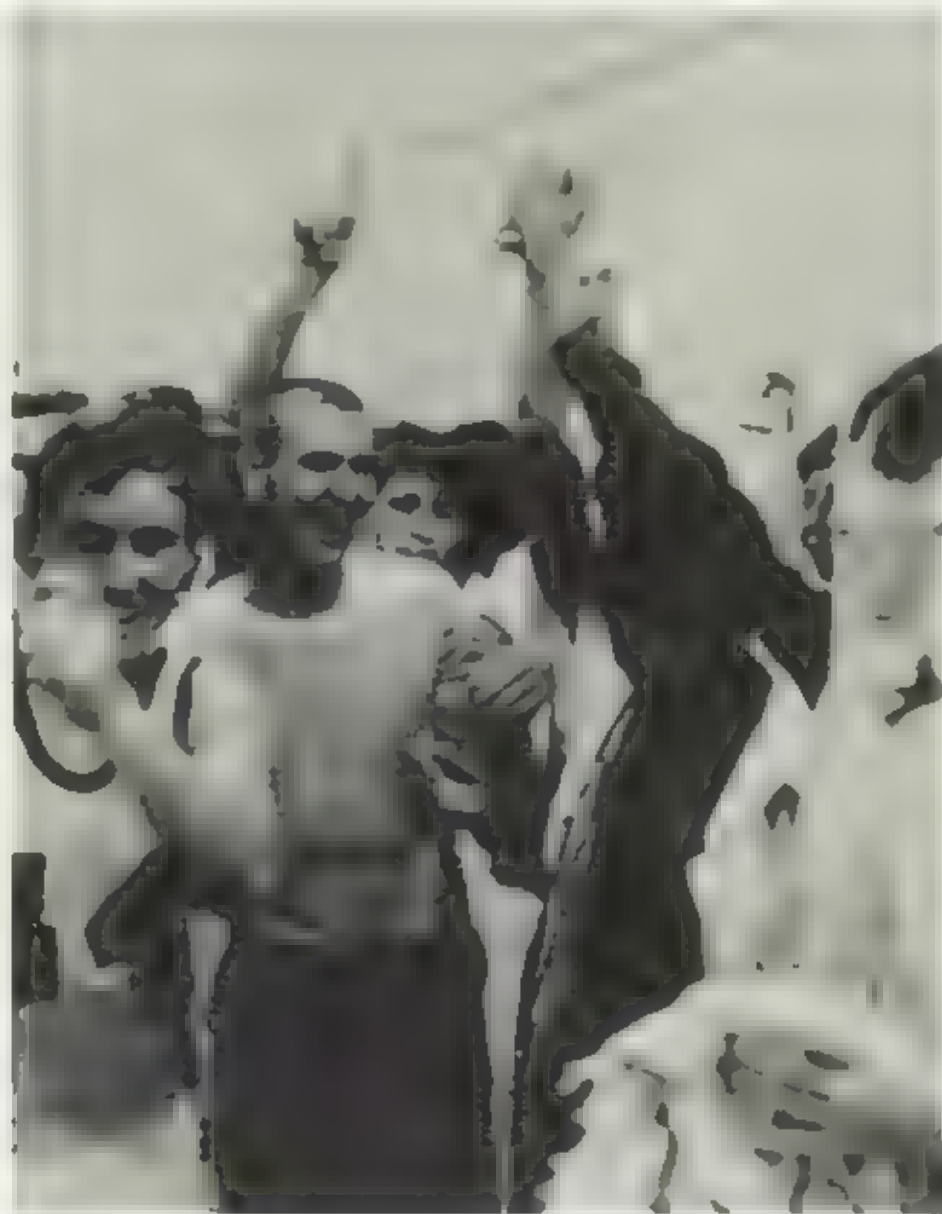

I have enjoyed  
being with you all  
these years. I hope  
you will always  
stand for the Lord.  
Best luck always.

Phyllis

As the sounds of "We're number 1!"  
Die out, and the excitement of  
another school year subsides,  
we are faced with a time of reflection.

The ballgames are just memories,  
some fond, some bitter.  
Athletics have their effect on  
both participants and  
spectators. Its not whether  
you win or lose, its how you play the game.  
Says who!

The year seems to have flown by—at  
 least that's the way it seems now  
 At the time we couldn't wait  
 for the bell to ring ending another  
 endless period.

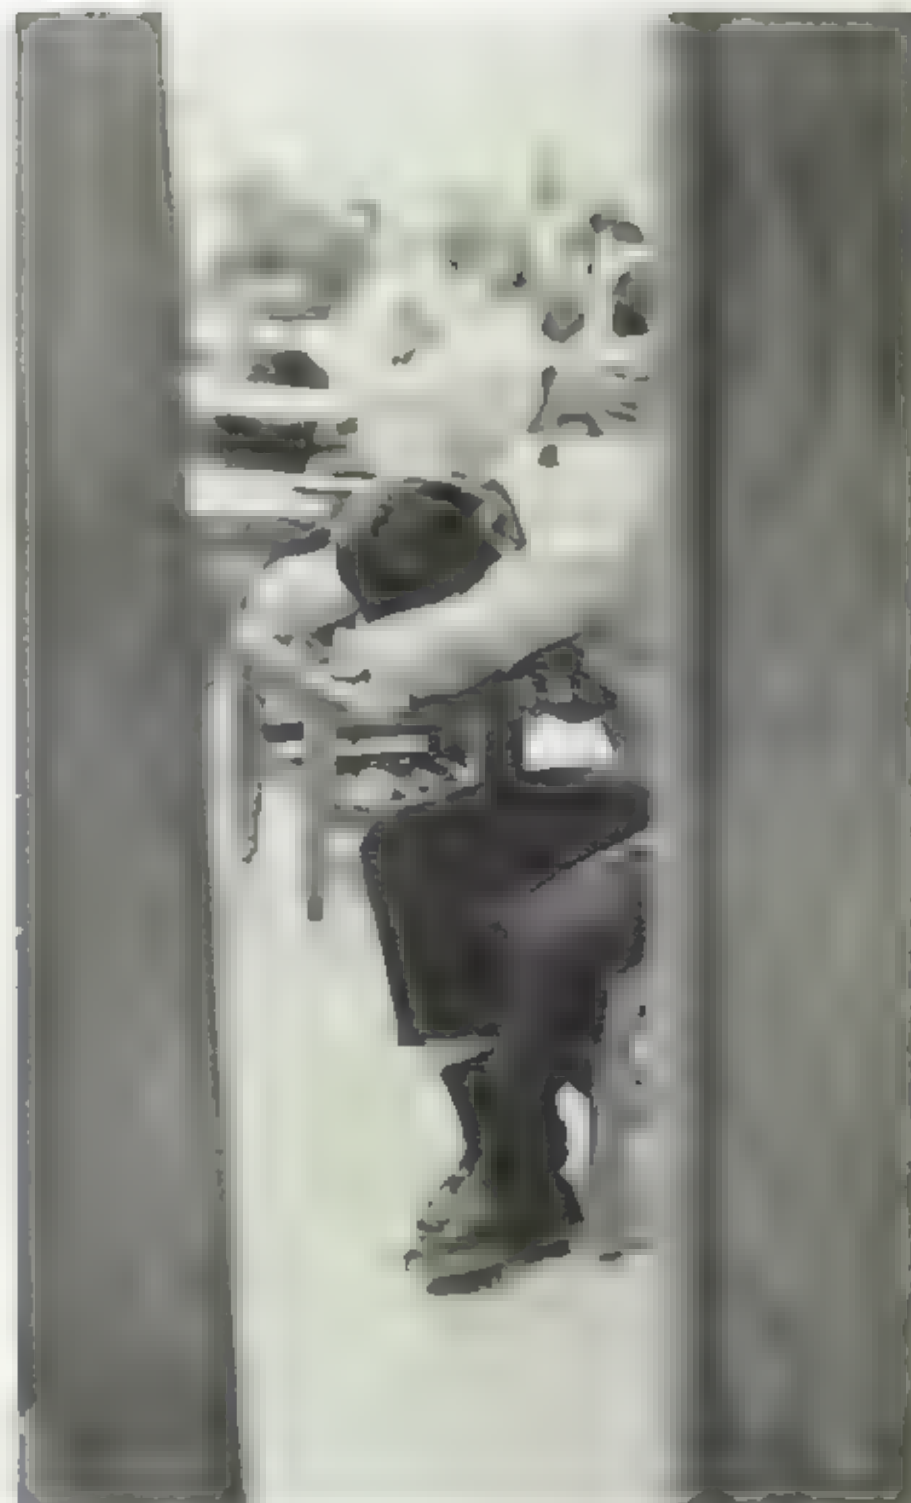

There are times we wish  
we could change  
and times we would never change.  
Some of the things we did seem  
immature and foolish, but the very  
fact that we can recognize  
them as such indicates that  
we are growing up.

H. Wanda,  
I would say you are sweet  
but you're not you're sour best  
of luck with n. p. n. what a  
fun name just have lots of fun  
and do your best

Many warm and close friendships were formed during the years. These are to be cherished and cultivated even as we go our varied and sometimes widely separated ways in life

Each person and event has some  
effect on you. Each opens some  
new door, but it is up to  
you whether or not you walk  
through these doors. A choice must  
be made and once again the choice is  
yours to make

Teachers have left their indelible  
marks on you, good or bad  
It is their responsibility to  
deluge you with vast  
amounts of information, often  
incomprehensible  
You must sort out this information  
and decide what is applicable  
to you and your situation

Not only is high school valuable as a source of information, it is essential in teaching this all-important sorting process

Occasionally the lines of communication between students and teachers break down and misconceptions occur. However, no system, no matter how well conceived or executed, is infallible and the high school is no exception.

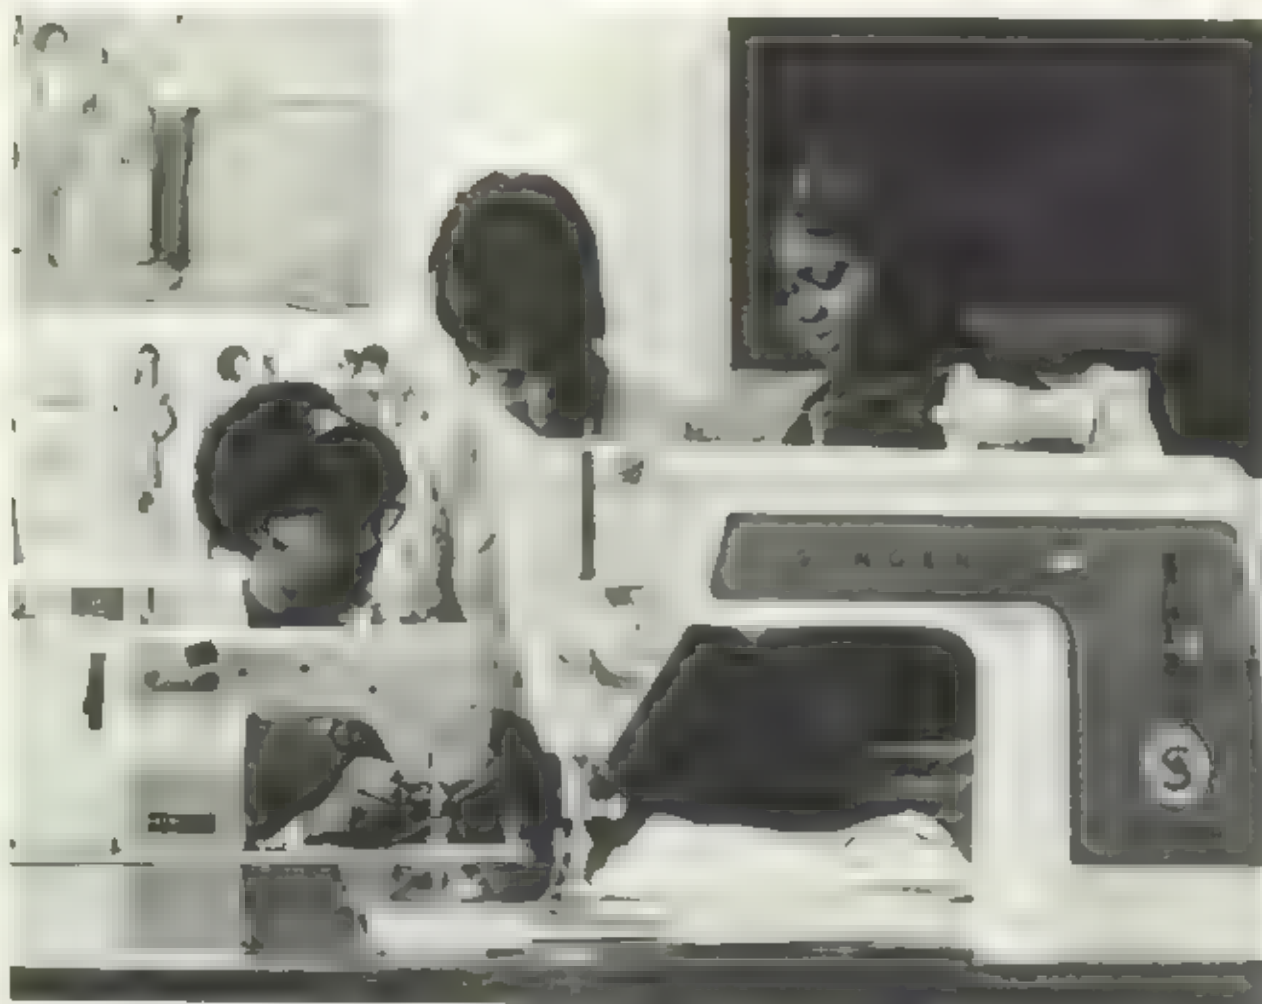

If progress is to be made in the area of interpersonal relations—between students and teachers, groups of students, or individuals—it will be necessary to find some common ground from which to begin

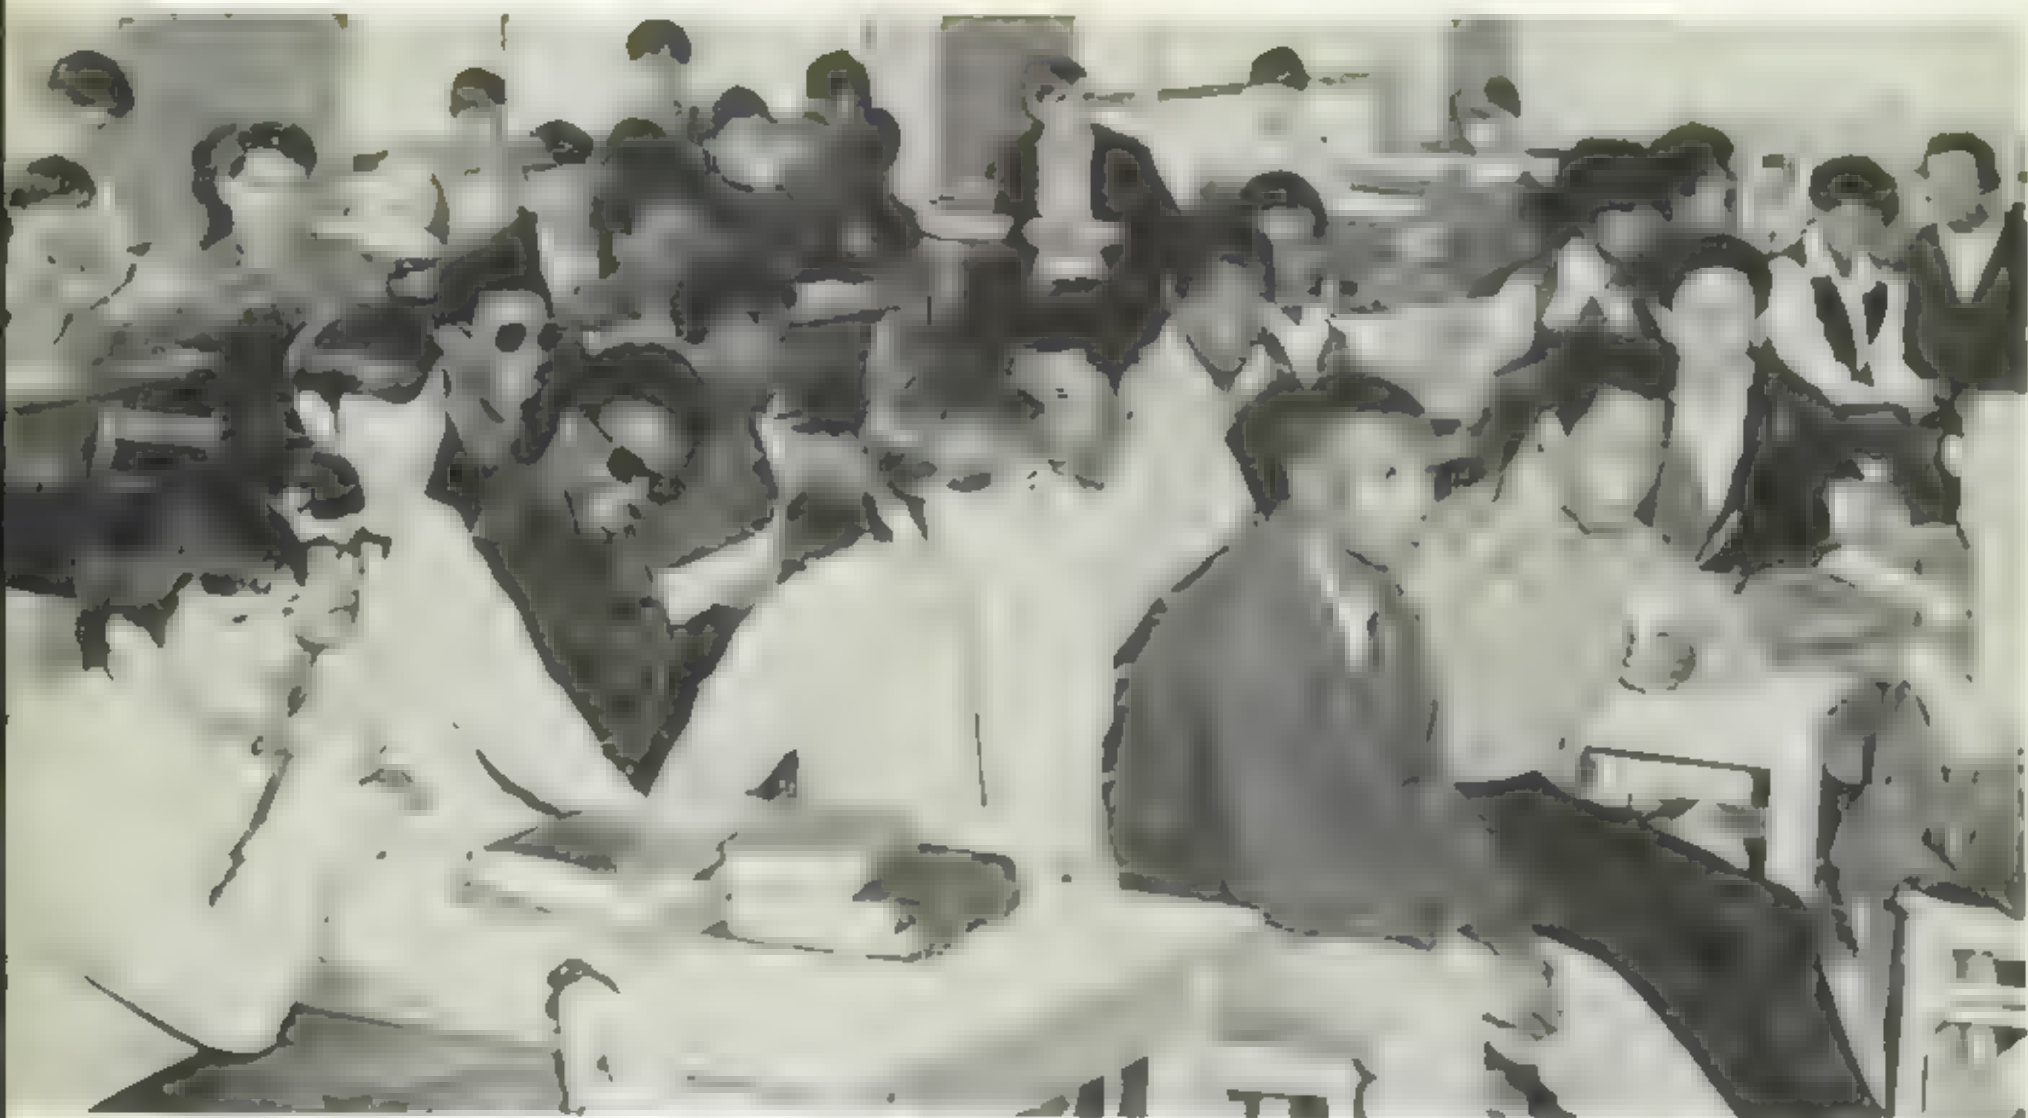

A give-and-take process must be used, with each side realizing that all its demands can not be met. Compromise is the answer. Acceptance of this fact is a sign of maturity.

No wonder.

Really has  
been nice knowing  
you this. I hope  
that our times will  
be much better this  
time without out of  
Bryson. Stay as  
nice as you are  
everyone will love  
you. Love  
Dana

The four years of high school help  
form the foundation upon  
which the rest of your life must  
be built. The strength of this  
foundation is dependent upon several factors  
other students, teachers, administration,  
facts and theories, and you. The  
most important of which is YOU

## Dedication

Because he unselfishly gives his time to the school and its students in serving them above and beyond the call of teaching duty because he is a coach both on and off the court to all who know him, and because he is a friend—we dedicate this 1970 *Milestones* to Mr. Blaine Froneberger.

The editors would like to express their appreciation to Mrs. Carolyn McWhirter who has been a valuable guide in the development of this annual, to Mr. J. B. Edwards who has helped plan the annual and teach the editors what to do, to all the members of the staff who have worked so hard in selling ads and concessions, to Mr. Alexander who left class so often to take "just one more picture," to Lynn and Laura who kept on typing when they couldn't type no more, and to you, the student, because without you the annual would not be possible.

Warda,

Well the year is almost gone and we've been seperated. No more arguing with Teresa (Ha) + talking to all of you. Pickles was so fun + silly too! I know I will always remember you + the rest of our gang. It's really been fun hasn't it. I hope I don't get upset when I leave cause I'll miss you all so much. Really it's sad for me, here all this time I've waited for the end of school + now I don't want to go. You all have put up with my silliness + been so nice to me. It was great making Teresa mad, wow! I loved that. I'll be sure to write you + you do the same - OK? I wish you all the luck + happiness + hope you + Marion will settle down, marry + have a bunch of kids (Ha. Ha.). I hope I see you soon.

Your friend for always,

Janet Sneed
